

Siena Announces Over \$565M in New Facilities During 2021

Siena Lending Group continues to be a leader in the asset-based lending industry, consistently finding creative ways to offer our clients maximum flexibility and liquidity. We are proud to provide this overview of the financing solutions that Siena and our Siena Healthcare Finance division delivered in 2021. After another record-breaking year for the firm, we were proud to once again support the communities where we live and work with charitable donations to address food insecurity.

"As we reflect on 2021, the Siena team accomplished a great deal despite the ongoing challenges posed by the pandemic. In addition to closing a firm-record in transactions, we continued to provide increasingly larger facilities, and now offer our clients holistic financing solutions totaling up to \$100 million. We also expanded our footprint at our Stamford headquarters and were honored to be named as one of ABF Journal's Most Innovative Companies."

— Dave Grende,
President & CEO, Siena Lending Group

"In 2021, we were proud to continue providing competitive and flexible working capital solutions to both new and existing clients. We were excited to bring our team members back together in Q3 when we opened a new Portland-based office, while encouraging a hybrid remote work model. We expanded our team's expertise with strategic hires and eagerly look forward to another year of delivering on our vision to be the premier provider of working capital financing in healthcare."

— Jennifer Sheasgreen,
President, Healthcare Finance
